**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I was happy to have a choice in which internet provider I chose. This is the very essence of America and what distinguishes us from other countries like Russia. Internet is critical to my family and the choice we had allowed for a better product that we all use. Before my provider was in my neighborhood there was one giant company providing the only internet option. It was slow and customer service was terrible. Prices were raised at will and we had no voice. When my new provider arrived they provided a superior product at a better price. They are simply doing a better job. They need to be able to continue to compete on a fair playing field and not let the large corporations hoard all the resources that are legally available to all.
